“ Oh, Gilbert I am SO sorry for your loss. I'm finally reading this week's Argus and was shocked to see Mary's obituary. I didn't know her, but it made me feel like I did after reading all of the wonderful things people wrote about her. I'm praying for strength & peace for you and the "kids" right now, as I see her Celebration of Life is going on right now.

“ I had the pleasure of working with Mary over the past several years at Loyola. I always looked forward to working with her while on service. She was such an excellent resource of knowledge. I knew that I could count on her to answer any of my pharmaceutical questions. I can't even count the number of times that she has helped me. Mary will truly be missed. She was such a genuine and good person. Rest in peace my friend. Love, Andrea.

“ With a heavy heart I write this as I think of my beautiful friend Mary. We met on the CTA train stop leaving pharmacy school and have been friends for more than 35 years. I have shared all the ups and downs a lifetime brings with Mary and will miss her terribly. Mary always thought about and took care of everyone. Her leaving so young leaves a void no one will fill. I pray she is at peace and her family can also find peace. My heartfelt condolences to her family and all her friends.

“ I am so saddened by the loss of such a brilliant, kind and caring person. I met Mary truly when I joined the "chemo team" in 1990. Mary's willingness to share her knowledge and collaborate help guide all of us. Her kindness extended to my family when my husband was on the 6th floor for lymphoma treatment. Mary was right there helping us get through a very difficult time. I extend my sympathies to the family and pray that she is at peace.

“ I've worked with Mary for 19 years. She was one of the smartest people I've ever known and her care for the Loyola patients was extraordinary. Most of all, I will miss her quick wit and humor. I'm grateful to have had Mary for a friend. She loved her entire family - I still use the breakfast casserole recipes that she shared with me. My

sincere condolences.
